PRO FIBER OPTIC CLEANING KIT

DESCRIPTION

The Pro Fiber Optic Cleaning Kit provides a complete solution for inspection-ready cleaning and maintenance of fiber optic connectors and adaptors accross a wide range of network applications. This kit includes three cleaning pens for different connectors and adapters, a one-step cleaning cassette with a refill, two types of lint-free wipes, an alcohol dispenser and a carrying bag that keeps all the products organized, protected and ready for field or laboratory use. Designed for convenient dry and wet cleaning options in a single portable solution, helping to remove dust, oils and other contaminants that can affect optical connection performance.

ROHS

APPLICABLE STANDARDS

• Directive 2011/65/EU (RoHS);

MAIN FEATURES

Complete Cleaning Solution	Includes all essential tools for cleaning and maintaining fiber optic connectors and adapters.
Multi-Connector Compatibility	Dedicated LC, SC and MPO/MTP® cleaning pens combined with a cleaning cassette compatible with a wide variety of fiber optic connectors.
Portable Carrying Case	Durable storage pouch keeps all cleaning tools organized, protected and ready for field or laboratory use.
Reusable Cleaning Cassette	Replaceable refill extends cassette service life and reduces replacement costs.
Versatile Application	Suitable for telecom, data center, FTTH, and laboratory environments.
