

SPLITTER PATCH PANEL

DESCRIPTION

The barpa Splitter Patch Panel is designed to accommodate PLC splitters and for installation in 19" racks, providing an efficient solution for fiber distribution in GPON networks. The panel is available unloaded or ready to be tailored by HIGGS with splitters and adapters to meet project-specific requirements.

APPLICABLE STANDARDS

• EIA 19-inch • ISO/IEC 11801 • EN 50173-2 • Directive 2011/65/EU (RoHS)

KEY FEATURES

19" rack-mount design for centralized fiber distribution
Integrated front cable management tray for patch cord support, organization and strain relief
Flexible front identification system adapted to different splitter configurations
Supports multiple PLC splitter configurations with up to 32 optical outputs
Clear identification of splitter inputs and corresponding optical outputs
Available unloaded or ready to be tailored by HIGGS with splitters and dedicated labeling to meet project-specific requirements

PHYSICAL CHARACTERISTICS

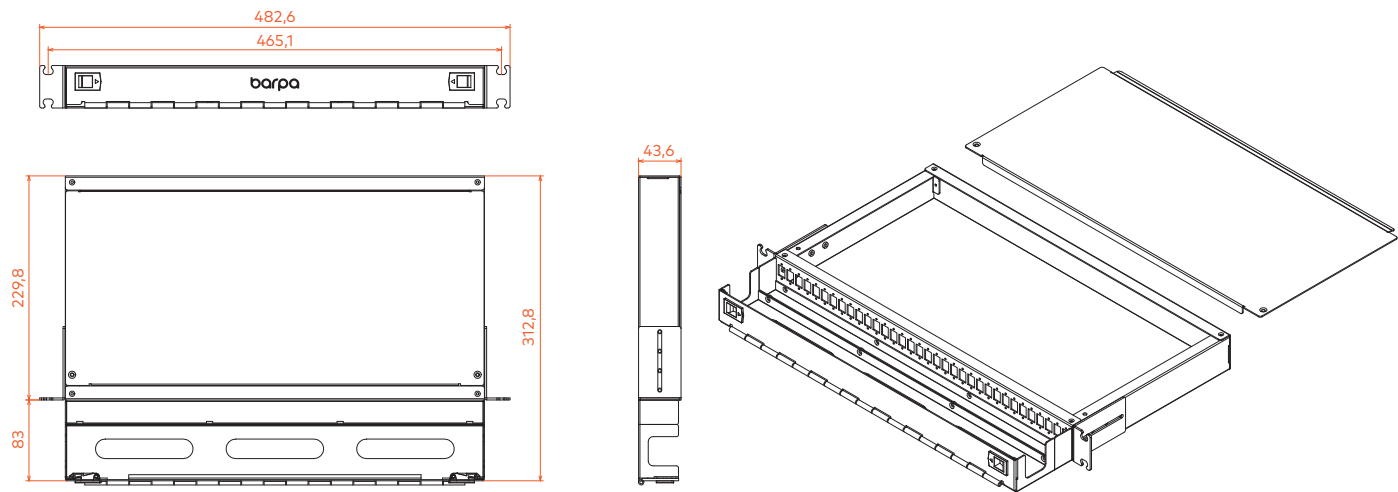

Adapter Type	SC Simplex
Material	SPCC Cold Rolled Steel
Thickness (mm)	1,2
Finish	Powder Coating
Color	Black (RAL9005)
Dimmension (mm)	483x44x313
Weight (kg)	3,37
Number of Ports	34

SPLITTER PATCH PANEL

ACCESSORIES INCLUDED

Accessory	Quantity	Details
Bunny Clip	4	Cable fixing clip
Black Screws and Nuts	4	Rack mounting
Tag Card	5	Port identification
Velcro Strap	4	Cable management

CUSTOMIZATION - HIGGS BY BARPA

TAILOR MADE

You can order this customized, what you need to consider:

Choose the type of splitter you want

1x2

1x4

1x8

1x16

1x32

Choose the number of splitters you want

For 1x2 - Maximum of splitters 8

For 1x4 - Maximum of splitters 5

For 1x8 - Maximum of splitters 3

For 1x16 - Maximum of splitters 2

For 1x32 - Maximum of splitters 1

PACKAGING

This images are merely illustratives. We want you to see the importance we attach to the packaging.
We always work with products and materials that are easy to use.

As part of our goal to achieve quality excellence, our barpa System Warranty can give you 25 years products and solution assurance of compliance with the industry performance standard comparing with the class installed. This warranty applies to network infrastructure installations that was made by an approved barpa partner using an barpa solution (end-to-end). For more informations go to our website.
