

3 TECH PATCH PANEL

DESCRIPTION

barpa 3 Tech Patch Panel is a 19" standard that offers flexibility and compact design for your network in only 1U of a rack space. Engineered for versatility, this product accommodates a variety of front plates and a splice tray to meet different connectivity requirements. Choose from copper, fiber and coaxial options to tailor your panel to your specific needs.

APPLICABLE STANDARDS

• EIA 19-inch

KEY FEATURES

Drawer Design with Open Holes	Ensures effortless access and user-friendly operation. The open holes in the brackets facilitate easier and more flexible installation in the rack.			
Modularity	Customizable front plates for copper (RJ45), fiber (SC Simplex and Duplex), and coaxial ports. Adaptable to user specific requirements.
