barpa

SURFACE MOUNT BOX

DESCRIPTION

The Surface Mount Boxes from barpa are especially designed to RJ45 Keystone Jack applications and are compatible with all barpa UTP and STP connectors. They come with 1 or 2 ports with dust shutters to protect from environmental conditions while featuring label positions and insertable charts for connection identification. They provide easy and fast surface mounted installation.

APPLICABLE STANDARDS
• Directive 2011/65/EU (RoHS)

ROHS

TECHNICAL CHARACTERISTICS

|		
Dimensions	1 port	48x65x29,2 mm
	2 ports	74x65x29,2 mm
Color		White
Material		High Quality PC-ABS
Number of ports		1 and 2
Compatible References	barpa UTP Keystone Jack	82242110180; 82242110090; 82242111180; 82242111090; 82243110180; 82243110090; 82243111180; 82243111090
	barpa STP Keystone Jack	82242122180; 82243122180; 82246322000-1

ENVIRONMENTAL CONDITIONS

Operating Temperature (ºC)	- 10 to 60
Storage Temperature (ºC)	- 40 to 70
